FLOOR ASSEMBLY

- Prepare a smooth, level surface for the floor appropriate for the size GaGa pit you have selected. Clear all debris.
- Lay out the panels. Each is labeled according to its placement. See the guide in the Configurations on page 1.

CTL ET
EL INL
EL INL

- A mallet is helpful for connecting the panels together.

- Construct the GaGa pit on the floor you have assembled. If your pit requires spikes at the joints, cut an "X" through the mat with a knife prior to driving the spike into the ground.
